presented by

Stephan Kohlhoff, MD

Director, Pediatric Infectious Diseases
Associate Professor, Pediatrics and Medicine
SUNY Downstate Medical Center

Free CME available!

Learning Objectives

At the end of this webinar, participants will be able to:

1. Explain the recent updates to the Department of Health and Human Services (DHHS) and NYS Perinatal HIV Clinical Guidelines for the management of infants exposed to perinatal HIV
2. Develop a family-centered interdisciplinary approach to care for the infant with perinatal HIV exposure including recommendations for consultation with a pediatric HIV expert
3. Define evidence-based, patient-centered counseling and shared decision-making for infant feeding
4. Describe the management of breastfeeding/chest-feeding infants in the context of perinatal HIV
