Transgender-Affirming Primary Care

Tues, November 19, 2024

12:00 - 1:00 PM

[Register here!](#)

LEARNING OBJECTIVES

1. Identify 3 barriers to healthcare and health maintenance experienced by transgender and non-binary individuals.
2. Describe how to assess, document, and utilize patient preferred pronouns during an episode of care.
3. Discuss organ-based health screening and health maintenance screening unique to transgender individuals.
4. Explain the concept of minority stress and the mental health ramifications of aggregate trauma on patient health.

Noelle Marie Javier, MD

Associate Professor of Medicine
Brookdale Department of Geriatrics
and Palliative Medicine
Mount Sinai Hospital New York
